Statistics as of September 1, 2014

Increase in Construction Projects

In 2000, only 52 percent of publishers worldwide met in a suitable Kingdom Hall. As construction efforts increased, that number quickly grew. By September 1, 2014, some 80 percent of publishers worldwide had a suitable Kingdom Hall in which to worship.

Current Needs

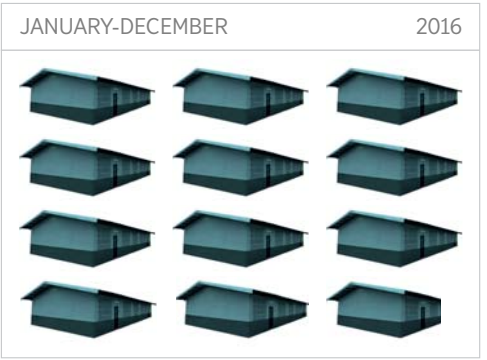

Despite the increase in construction projects worldwide, a great need still exists for both Kingdom Halls and Assembly Halls so that all publishers can have an appropriate place to meet.

On average, 1,187 additional Kingdom Halls are needed each year to keep up with current organizational growth.
